

## St Columba's, Largs

At St Columba's, our worship , prayer and our actions are our commitment to the local community to which we belong.

### Our main services are on Sunday.

- A simple said **Eucharist (Holy Communion) at 8.00am**

- A **Sung Eucharist (Holy Communion) at 11.00am**

At these Eucharist services we remember that this worship is at the heart of all Christian worship as a memorial of the death and resurrection of Jesus. God invites us to this service. Jesus said, 'do this is remembrance of me'. It is a gift to every human being and we share it with all people wherever they are from or whoever they are, as we are all just children of God.

- At 5.00pm we have our **Sunday@5**.
- Each Sunday we have different kind of services which helps reflect the depth of our worshipping community.

1st Sunday of the month is Healing and Wholeness@5

2nd Sunday of the month is Taizé@5

3rd Sunday of the month is Praise@5

4th Sunday of the month is Evensong@5

### Wednesdays 10am

We have a midweek service at 10.00am of Holy Communion for those who can't make Sundays or would like a time of quiet and reflection in the middle of the week.

## Sundays@5

1st Sunday of the month is Healing and Wholeness@5

- We want to be able to share the love of God in our service of healing and wholeness. Christians believe that reconciliation and restoration are an essential part of the good news of Jesus Christ. We pray and anoint with oil, which is an ancient practice of the church.

2nd Sunday of the month is Taizé@5

- With our Taizé service we use the music of the Taizé community and times of silence to reflect on our lives and our relationship with God. As Brother Roger of Taizé wrote, 'prayer is a serene force at work within human beings...from it we draw the energy to wage other struggles.' We believe that prayer matters and make a difference in our lives.

3rd Sunday of the month is Praise@5

- Our praise service is simply an opportunity to sing our praises to God and to use our voices however we can! And we know, now, how important singing is to happiness and wellbeing.

4th Sunday of the month is Evensong@5

- Each month we have an Evensong which is a more traditional form of evening prayer that comes from the Anglican tradition, of which we are a part. For those that like to sing in a choir, or those that just want to come and listen, you are more than welcome.
